

Demonstration Burn Workshop

Thursday, September 18, 2014

Where: Bollinger County, Tim Bender Property Located on the south side Hwy ZZ(2 miles down ZZ off Hwy 34)

When: 9:30 a.m.
Weather Permitting

Presented by: Missouri Department of Conservation

Prescribed fire is a low cost way for landowners to manage grasslands, CRP and old fields for forage production and/or improve wildlife habitat in both fields and woodlands.

This workshop will provide hands on experience to landowners interested in conducting burns on their property. The workshop will demonstrate the use of tools and techniques used to burn in a woodland setting.

To register please contact the Missouri Department of Conservation at 573/290-5730.

**** Weather will determine if the demo will happen or be cancelled. Please make certain you check your email or phone messages prior to heading to the training.**
