The Magic Of

DAVID SANDY

X **David Sandy** has been entertaining professionally throughout the heart of America and along both coasts for more than two decades, including regular appearances in Las Vegas and at the world-famous Magic Castle in Hollywood, Calif. He is considered to be one of the leading entertainers of the new generation and has received numerous awards for excellence in entertainment from his peers. David has been awarded the titles of "**Stage Magician of the Year**" (both in 1993 and 1998) and "**Close-Up Magician of the Year**" (both in 1996 and 1998) from the International Brotherhood of Magicians.

Over the years, David's magical accomplishments include causing a brand new sportscar to vanish into thin air while in full view of an audience. David has also driven new cars through busy traffic while completely blindfolded with his eyes taped shut. In addition, he has escaped from strait jackets while suspended upside-down in mid-air, wooden packing crates, canvas mailbags, handcuffs, ropes and other restraint devices. Adding a magic touch to a promotional message, David also represented Nabisco Foods in their nationwide "*Unlock the Magic of Oreo*" promotion held in supermarkets throughout the United States. Recently, David caused a young lady to float in mid-air over the top of a 16-story building.

X Most recently, David was asked to perform and coordinate all of the magical entertainment for the 2001 Presidential Inaugural Banquets in Washington D.C. for President George W. Bush.

David has a unique ability to blend magic, comedy and illusion into an entertaining program that is suitable for almost any venue. Throughout the show, David involves many audience members in his illusions and even "teaches" one volunteer a few tricks of the trade. His warm personality immediately connects with his audience in order to create an instant magical rapport. David's audiences don't simply watch the show, they become part of it.

David entertains regularly at company banquets, conventions, trade shows, expositions and corporate meetings. In addition, he has appeared on numerous television programs and radio broadcasts.
