Cover Crop Meeting

**March 13th, from 8:30 to 11:30 a.m., in the Higginsville
Community Building at Fairground Park**

The last meeting was a big hit, so we will be putting on another Cover Crop meeting!!

- * Clyde Burchett of Burchett Seed Service / ProHarvest will be talking about "Planting Tips and Recommendations When Dealing with Cover Crops"*
- * Doug Peterson with NRCS will be discussing all aspects of cover crops and include some great, eye opening visual displays.*

Both speakers, as well as other SWCD/NRCS staff will also be happy to answer any questions or concerns you might have. This will be a great session for those just getting interested in cover crops, along with the more experienced producers.

Feel free to stay after the Cover Crop meeting for the SWCD Annual Open House! It is immediately following and in the same building (Higginsville Community Building).

We hope to see you there!
